

Save on Dell Equipment!

Save on Dell Equipment through Metric One!

Metric One is Southern California's highest volume Dell reseller. We maintain this partnership for the sole purpose of providing our customers with an extreme cost-saving channel with which to purchase Dell equipment. By consolidating all purchases through a single channel, our customers can achieve the highest possible savings on Dell equipment!

Allow Metric One the opportunity to provide your organization significant savings on your next purchase of Dell hardware and software.

Simply email Metric One the specifications for your next Dell equipment purchase to dell@metricone.com and we will promptly return to you an official Dell quote. In many cases, our pricing can be significantly lower than your current quote!

All Metric One placed Dell orders are processed directly through Dell Corporation with drop shipping directly to your address.

Please Note: Metric One can quote all equipment and software available through Dell, however, we do not sell refurbished equipment or individual equipment parts (i.e. repair parts, memory upgrades, etc.).
